

Past contributions to the Employee Campaign have led to these purchases:

Scales & Automatic BP Cuffs for CHF Clinic Patients

This equipment helps to monitor patients and more accurately report their status. It will help to reduce readmissions of CHF Clinic Patients.

Fifty Vocera Licenses

Supports increased communication between departments.

Blanket Warmer

Helps to keep patients warm in the Emergency Department.

Support of Diabetic Patients

Funds help to provide health coaching for lifestyle changes and weight loss classes for chronic disease patients, specifically diabetes.

Three Accuvein Finders

Directly improves accuracy of venous puncture for IV placement and lab draws.

NeuroQuant Software

Provides fast, accurate and proven automated brain image analysis.

**Additional support provided for the Telehealth Program,
Employee Fitness Center, Cardiovascular Platform and Main Unit renovations.**
